

Maths Improvement Programme Subscription

(Year 1 to Year 10 Pupils)

How does the programme work?

At The Study Centre

Once registered, your child will attend the Centre on weekly basis. At the Centre, she or he will complete few pieces of work which will be marked and assessed. Your child will then have the opportunity to discuss his or her work and progress with the tutor.

Teaching and Learning

i12Learn Maths programme is based on the U.K. Department of Education curriculum standards. The teaching and learning systems are based on Far East teaching principles such as in China, Hong Kong, Singapore, South Korea and Chinese Taipei. These countries systems are ranked the best five in the world at maths. (Source: Programme for International Student Assessment (PISA)).

Homework

At each visit to the Centre your child will be given a detailed programme of homework to be completed before the next class. The homework plays a vital role in your child's progress by ensuring constant consolidation of the skills learned at the Centre. The homework will be marked by the tutor.

The i12Learn Maths Curriculum

The Maths programme is designed to equip your child with the fundamental skills required for success in school Mathematics. Using a range of resources, it covers all the essential areas of the school curriculum:

- Introduction to Numbers
- Multiplication and Division
- Algebra
- Exam Preparation
- Addition and Subtraction
- Fractions, Decimals and Percentages
- Shape, Space and Measure

This programme only covers the UK Maths curriculum up to GCSE Foundation level. Alternative programmes are available beyond this level or specific exams preparation such as UK Maths Challenge. Please ask the tutor for further information.

Admission Process

At the start of your child study with i12Learn, he or she will be assessed by the tutor. This assessment will assist to determine the specific needs of your child and ensure a suitable point in the course.
