

## GCSE Mathematics & English Language Group Programme

### How does the programme work?

Students will attend 90 minutes tutoring per subject per week at the Centre. Weekly homework will be assigned to students and tutors will provide feedback and personal comments as to how to achieve better grades. All students will be quizzed and assessed at the end of each topic to ascertain their progress.

### The GCSE Maths & English Language Curriculum

This course covers the entire GCSE syllabus for all the major exam boards. With this course, students emerge with knowledge of exam technique, subject knowledge and a confidence which allows students to exceed their target grades.

| Mathematics                                  | English Language                                                                                                    |
|----------------------------------------------|---------------------------------------------------------------------------------------------------------------------|
| Topic 1: Number                              | Explorations in Creative Reading and Writing<br>Reading literature fiction text<br>Reading non-fiction text         |
| Topic 2: Algebra                             | Writers' Viewpoints and Perspectives<br>Writing to present a viewpoint                                              |
| Topic 3: Ratio, proportion & rates of change | Descriptive Writing / Narrative Writing<br>Non-fiction and Transactional Writing<br>Fiction and Imaginative Writing |
| Topic 4: Geometry and measurement            |                                                                                                                     |
| Topic 5: Probability                         |                                                                                                                     |
| Topic 6: Statistics                          |                                                                                                                     |
